**EUROPEAN  
FORUM  
ALPBACH**

## **Certificate of Attendance**

This is to certify that Yekai Xu participated in the online European Forum Alpbach 2020 (August 23 to September 3).

Established in 1945, the European Forum Alpbach gathers academics, artists, politicians, and representatives from business and society and creates an open space for discourse which transcends individual disciplines as well as national, generational and other borders. The European Forum Alpbach is based on the fundamental idea of tolerance for differing ideas and opinions.

Following the principle “Alpbach is wherever you are”, the first virtual edition of the Forum was launched this year. Bringing together 5,000 participants from 134 countries in a virtual space, the programme offered more than 300 events with more than 600 high-level speakers from various fields and a variety of interactive formats. Among this year’s speakers were Nobel Prize laureate Joseph Stiglitz, Spain’s Minister for Foreign Affairs, Arancha González Laya, and UN Secretary-General António Guterres.

## SCHOLARSHIP CERTIFICATE

We hereby confirm that

**Yekai Xu**

received a scholarship to attend the **European Forum Alpbach 2022** (21 August to 2 September 2022) in Alpbach, Austria.

The European Forum Alpbach (EFA) is a platform that drives ideas for an empowered and democratic Europe. It brings together the next generation of leaders in Europe with the most innovative minds, decision-makers and experts from politics, business, sciences, culture, and civil society to work together from all over the world to engage and contribute to its mission.

Close to 3,800 participants from around 100 nations, among them 600 scholarship holders and alumni of the Forum Alpbach Network, took part in the European Forum Alpbach 2022, which was dedicated to the theme "The New Europe".
